

To enjoy all of our features it is best to have an updated browser (ie: update your Internet explorer or firefox to the most recent version.)

You should also install (for free) [Adobe Flash Player](#), [Adobe Shockwave](#), [Adobe Reader](#), [Java](#) and [Quicktime](#). These are all safe downloads with no spy or malware worries!

Have you ever wondered how you can recycle and help St. Dennis at the same time? Well, we have some ideas for you!

Do you drink Coke Products? Please view this PDF file to find out how to help St. Dennis with your caps and boxes! [Cokerewards](#)

In addition to helping our school, you can support [CURE](#), a Childhood Cancer Research Organization by recycling your old printer cartridges and cell phones. Just drop them off at the office, and we will do the rest! Check and see if your business or employer would like to recycle their cell phones or printer cartridges too. Thanks so much for helping!

Have you replaced your digital camera or USB storage device? (ie: thumb or flash drive) Bring the old one to St. Dennis! We have many educational uses for digital pictures, and the students need to be able to transport these images! We thank you so much for helping to integrate technology into our curriculum!
